

Instructions for “iQMIS User Access Request Form”

Applicants should complete the Form electronically; hand-written forms may not be legible, especially after faxing or scanning. Save and print for signatures. Digital Signatures are also acceptable (see “About Digital Signatures.”)

**Please read these instructions thoroughly. All items on the form are required.
Incomplete or inaccurate forms will not be accepted. See the specific approval process for your Agency below.**

USER INFORMATION

New User: Indicate if the user is new to iQMIS and has never applied for access before. (All former QMIS users are new to iQMIS.)

Change User Info: Indicate if a user’s personal information has changed, for example, phone or email address.

Change User Access: Indicate where a user has a change to the user role or housing installation(s) he or she manages. For example, if an existing user is taking over management of a second installation while a replacement housing officer is being hired.

Users that are no longer using iQMIS should complete a “Request for Removal of iQMIS User” Form before they leave employment. Otherwise, any Supervisor or agency Approver may complete this Form after the user’s departure or simultaneously with the new user’s Request Form.

User First and Last Name: Enter the user’s usual or common name; not their official name – enter what name you prefer to be called. (For example, Becky instead of Rebecca, or Joe instead of Joseph.) It does not need to match your “official” employment name; your official email address will be used as your unique identifier. This name will appear in the header of the iQMIS screen while logged in, and is also used by iQMIS Help Desk staff.

Your Work Location: Enter the city and state you are located at, or use the postal city for delivery of your U.S. mail.

Your Bureau/Agency Name: Select your bureau or agency from the list provided.

Your Work E-Mail Address: Enter your work e-mail address.

Your Official Position/Job Title: For example, Administrative Officer II, Program Specialist, or Realty Specialist.

Your Work Phone: Phone number; include your extension, if applicable.

Your Office/Branch/Section: Enter the Branch or Section you are employed by, without using acronyms. For example, Yellowstone National Park, Navajo Area Office, Pacific West Region, or Washington Office.

DOI USERS ONLY: Daily PC Login User Name: This is known as your DOI “Active Directory” login – the user name you use to login to your bureau or agency PC. For example, “rdaltry” or “jane_doe@fws.gov.”

USER ROLE

Edit Housing Data (HOUSING MANAGER ROLE): “Housing Managers” are responsible for updating all housing inventory data, and may be responsible for updating all tenant data and submitting payroll deduction forms. If not located directly at the housing site, we recommend that Housing Managers work with a local “Tenant Manager” who can assign housing, check tenants in and out, provide keys, and get leases signed. Housing Managers can change all housing and tenant data, even if a “Tenant Manager” exists. Housing Managers should receive extensive training in rent-setting regulations,

housing inventory management and rent computations, and are responsible for setting accurate rental rates in compliance with OMB Circular A-45. Housing Managers ensure that federal rent-setting and record-keeping regulations are being followed.

Edit Tenant Data (TENANT MANAGER ROLE): “Tenant Managers” are responsible for updating all tenant data. They assign housing, check tenants in and out, provide keys, and get leases signed. They are located at the housing site. They cannot change housing data; they can only change tenant data. Therefore, Tenant Managers must coordinate with the designated “Housing Manager” for this location to update housing inventory data as needed to comply with A-45. Tenant Managers should receive training in iQMIS tenant management processes. Tenant Managers ensure that all tenants are accurately entered into the system, required documents are provided to and signed by each tenant, and all payroll deductions and rent payments are correctly processed.

View Data (READ ONLY ROLE): “Read Only Managers” are responsible for oversight of other “Housing Managers” and “Tenant Managers.” These users are not responsible for housing inventory data or tenant management. These are typically local facility managers, property managers, regional housing managers, and national housing managers. They cannot change any housing or tenant data. They can view all data within their authorized “Scope” and print reports.

USER SCOPE

One or more Housing Installations (LOCAL USER): The user is responsible for managing or overseeing one or more specific housing sites, called “installations.” For example, the user manages “Yosemite National Park” or “Crazy Horse School” or “Nome AK & King Salmon AK & Sitka AK.” Specify the installation/s by name that you are authorized to access in the line below.

One or more Region/s in my Agency (REGIONAL USER): The user is responsible for managing or overseeing all housing in one or more specific agency region(s). For example, the user manages the “Northeast Region” or “Region 2 & Region 8” or the “Navajo Area Office.” Specify the region/s by name that you are authorized to access in the line below.

All Installations in my Agency (NATIONAL USER): The user is responsible for managing or overseeing all housing in your agency.

LOCAL/REGIONAL USERS ONLY: Specify Housing installation/s or region/s you are authorized to access. List the specific installation(s) or region(s) that you manage.

REPLACING A PREVIOUS USER

Previous iQMIS User: If the new user is aware of the previous user’s name, enter it here. The previous user, the direct Supervisor, or the Approver should submit a separate “Request for iQMIS User Removal” Form.

USER SECURITY AGREEMENT AND APPROVAL

USER APPROVAL:

Applicants must read and acknowledge the security and accountability statement. Applicants must read and agree to the terms of the “iQMIS Rules of Behavior” (ROB) before signing the Form. Applicants must also indicate if they are assigned to government housing (if they reside in government housing.)

Save, print, sign and date the form. If your Agency uses Adobe Digital Signatures, and your Supervisor is also capable of use a Digital Signature, these are acceptable. See “About Digital Signatures” for more information.

AGENCY APPROVAL PROCESS

There are 19 federal agencies that use iQMIS. The person authorized to approve your iQMIS User Access Form is determined by your Agency's national housing officer. **Use the approval and transmittal process for your User Role and Agency below.**

SUBMITTAL OF APPROVED FORM

Once the Approver has signed the Form, the completed Form should be submitted by the Approver designated above to the NBC iQMIS Help Desk (scan and email the signed Form to **nbc_iqmis_sys_mgr@nbc.gov** or Fax to 303-969-6634. The iQMIS Help Desk will only accept Forms signed by or submitted by the authorized Approver.

The iQMIS Help Desk cannot correct errors or make any changes to the “User Access Request Form” once submitted. Changes will require a new approved Form. All items are required. Forms that are incomplete or incorrect will not be accepted. Ask for assistance.

FOR MORE INFORMATION

Call the iQMIS Help Desk in Denver at 303-969-5696 or email nbc_iqmis_sys_mgr@nbc.gov.

REVISED 7/30/2012
